**PETITION TO ACCEPT UNINTENTIONALLY
DELAYED CLAIM OF PRIORITY UNDER 37 CFR §1.78(a)(3)**Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

Please amend the application as follows:

In The Specification

Please amend the specification after line 4, and before "Technical Field", please
add the following:-- Cross-Reference to Related ApplicationsThis is a continuation of International Application PCT/ JP01/03912, with an
international filing date of May 10, 2001, which was not published under English under
PCT Article 21(2).--

Remarks:

The entire delay between the date the priority claim was due and the date of this petition
was unintentional. As a result of a notice in the Official Gazette published 18 March 2003, the

applicants agents became aware of the need to correct the priority data on this application. This Petition includes the surcharge set forth in §1.17(t).

This application was filed on January 8, 2002 and is intended to be a §111(a) "bypass method" filing of International Application PCT/ JP01/03912. The unsigned Declaration originally submitted with the present application clearly shows a reference to the International Application. However, since there was no explicit statement that the present application is a "continuation" of the International Application, the filing receipt does not properly reflect the correct priority data. Besides not listing the correct relationship to the International Application, the filing receipt does not properly list priority to the underlying foreign priority document either. Thus, the filing receipt should be amended to reflect the correct claim of priority as follows:

This is a continuation of International Application PCT/ JP01/03912, with an International Filing date of May 10, 2001, which was not published under English under PCT Article 21(2).

Foreign Priority Data:
